\$100K PLEDGED TO FAMILY CHARITY GROUP

Child & Family Service has received a pledge of \$100,000 from the Schuler Family Foundation toward its capital campaign for the new Emergency Shelter and Transitional Housing facility in West O'ahu for children and families experiencing domestic violence.

"The new facility will provide a safe haven for victims of domestic violence and their children as they rebuild their lives for a better tomorrow," said Howard Garval, president and CEO of Child & Family Service.

The facility will begin serving clients in May.
